

Why PayWeb?

- * It's simple and secure
- * Your customers expect the convenience of online bill payment
- * It's always open for payment acceptance, around the clock
- * It's a Payment Vision Gateway Service

How it works?

Customer visits your site and clicks the Pay Now button

Customer billing information is rendered and payment accepted at PayWeb

PayWeb notifies Payment Vision that payment has occurred

Who benefits?

- * Billing Organizations
- * Financial Institutions
- * Software Vendors
- * Utility Companies
- * Insurance Companies
- * Application Service Providers
- * Collection and Medical Billing

Empower your business

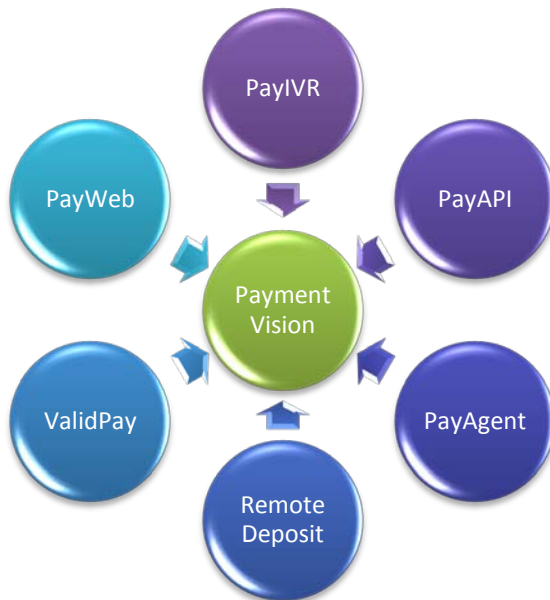

- * Real-time information about payment activity allows you to make better business decisions
- * Do more with less by automating everything from payment capture to payment posting
- * Stay focused on your business, stay funded with Payment Vision

Faster funds
